

ENGINEERS IRELAND – CORK REGION

CAREER DEVELOPMENT SECTION (CDS) PRESENTS:

Furthering Your Education

(Postgraduate Information Evening)

Attending will be a number of local Universities and Third Level Institutes and also Distance Learning Options.

Courses included will encompass Certificate, HDip, Diploma and Masters in engineering related programmes. Locally available courses as well as on-line/distance learning programmes will be included.

The event will run as follows

- On entry attendees will be provided with a list of attending institutions and courses offered by each.
- Short introduction by a representative of Engineers Ireland on the importance of further training and development to the career of an engineer.
- Each of the attending educational institutes will introduce what courses they offer, their format (distance learning/evening/weekend), qualification etc.
- Attendees will be encouraged to visit stands of the various institutions to discuss courses and pick up brochures on same.
