

**Engineers Ireland; Cork Region
&
Institute of Marine Engineers;Cork Branch**

Presents an Evening Lecture on

**Developing a World Class Maritime Energy
Research Campus in Ireland**

A CPD certified talk by
Mark Mellett; Captain Naval Service
And
Valerie Cummins; Director Marine Energy Research Centre
(MERC³)

**Tuesday 30th November
Time: 20.00**

Venue: Rochestown Park Hotel, Cork

*The recently announced M³ERC project is a joint venture between WCC, CIT
The Port of Cork and the Naval Service with a mission to produce innovative
technical solutions to support the development of the Irish Maritime and
Maritime Energy sectors. It will be the home for the new wave energy testing
tank. More information on M³ERC can be found at www.merc3.ie*
