

Conferring of Titles, Graduate Awards & Presidential Address

Synopsis: This event is a highlight of the Cork Region calendar. The agenda for the evening is as follows:

- **Conferring of the titles of Associate Engineers, Chartered Engineer and Fellow on members from the Cork Region**
- **Awards Ceremony at which presentations will be made to the top graduates from CIT and UCC Engineering Degree classes of 2018**
- **Presentation to Chemical & Process Division competition winners for best undergraduate article published in the Engineers Journal**
- **Presidential Address by the President of Engineers Ireland, Peter Quinn entitled “A Blueprint for Housing - Plans for Growth”**
- **Reception**

In his Presidential address Peter will discuss the current housing crisis in Ireland, focusing on the principal contributing factors, the key stakeholders and the role that engineers can play in alleviating the problem. Geographic factors, infrastructure requirements and predicted population growth will also be explored in this most topical of presentations.

This event will offer members and their guests an opportunity to celebrate the achievement of Cork Engineers, network and meet with the President.

Date/ Time: Tuesday, 16th April 2019 at 20:00
