

Large Scale Renewable Energy Projects

Date: Tuesday, 15th December 2009
Time: Lecture starts 8.00 pm sharp
Venue: Rochestown Park Hotel
Fee: Admission is free

Speaker: Sean Doyle, BE CEng MIEI
Associate Director, Malachy Walsh & Partners

Synopsis: This fascinating presentation will outline a number of large scale energy projects throughout the world and will specifically cover projects that Malachy Walsh & Partners are currently working on. Some interesting facts will be presented relating to tidal energy, the nature of tidal cycles and how the production of tidal energy will ultimately increase the length of the mean solar day in the future.
